NOTES TO FINANCIAL STATEMENTS

April 30, 2010 and 2009

1. NATURE OF BUSINESS AND GOING CONCERN COMMUNICATION**Nature of business**

Synodon Inc. (the "Company") is an advanced remote sensing technology company which has developed a proprietary platform technology called realSens™ capable of measuring small ground-level gas concentrations from an aircraft flying up to 300 metres in altitude. The Company has completed the prototype manufacturing of the realSens™ instrument, has initiated its plan for commercialization and continues to be considered a development stage company.

Going concern communication

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles ("GAAP") on a going concern basis which presumes the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future.

The Company has incurred significant losses since incorporation, on August 14, 2000, and as at April 30, 2010, the Company has an accumulated deficit of \$9,907,886. The Company's ability to continue as a going concern is dependent upon achieving profitable operations and the ability to obtain additional debt or equity financing. The outcome of these matters cannot be predicted at this time. These financial statements do not include any adjustment to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue in business. Such adjustments could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These unaudited interim financial statements should be read in conjunction with the October 31, 2009 annual financial statements as disclosures provided in the interim financial statements do not conform in all respects to the requirements of GAAP for annual financial statements. In management's opinion, the interim financial statements include all adjustments necessary to present fairly such interim financial statements. The same accounting policies and methods are used as in the 2009 financial statements except for the new accounting standard adopted during the quarter as noted below.

International Financial Reporting Standards

In February 2008, the Canadian Accounting Standards Board confirmed that Canadian public companies will be required to adopt International Financial Reporting Standards for fiscal years beginning on or after January 1, 2011. The Company is currently in the process of completing the scoping phase of its IFRS conversion plan that includes analyzing key differences and providing training to all finance and accounting staff. The Company is the process of developing a conversion plan and preparing a detailed timeline assessing: further training requirements, the impact on current accounting policies, information systems, internal controls over financial reporting and business activities.

3. DEPOSIT ON DISTRIBUTION RIGHTS OPTION

On March 2, 2009 the Company signed a realSens™ service distribution option agreement with the U.S. subsidiary of an international services company and received the associated sign up fee of U.S. \$75,000 or Cdn. \$75,418. The agreement gives the option holder the option to purchase the realSens™ pipeline leak detection rights for Venezuela, Mexico, Colombia, Guatemala, Belize, Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Ecuador. The distributorship will be for a period of three years which can be automatically renewed for a further five years upon successful completion of annual performance targets. The option holder also receives a first right of refusal on Argentina, Peru, Brazil, Bolivia, Chile, Spain and Portugal, if the first three years annual performance targets are met and an expanded territory fee is paid.

The option has been extended under the same terms until December 31, 2010. In the event of expiry, the option holder can elect to receive Class A common shares of the Company at prevailing market prices by giving notice of such intention by December 31, 2010.

On December 8, 2009, 100,000 share options were exercised at \$0.30 per option. The amounts transferred from contributed surplus related to these options were \$18,201.

On April 13, 2010, the Company closed a non-brokered private placement for gross proceeds of \$250,000. The closing was comprised of 1,111,112 units at a price of \$0.225 per unit. Each Unit is comprised of one Class A common share and one half of a Class A common share purchase warrant (the "Warrants"). Each full Warrant entitles the holder to purchase one additional Class A common share of the Corporation at a price of \$0.3375 per share up to April 8, 2012.

The Warrants have an accelerated exercise provision under which, if the volume weighted average closing price of the Shares, as traded on the TSX Venture Exchange, equals or exceeds \$1.05 per Share for a period of 10 trading days, then the warrants must be exercised or will expire 30 calendar days after notice of such event is mailed to the warrant-holders. Both the common shares issued as part of the Units and any common shares issued upon exercise of the Warrants are subject to a hold period, which expires on August 9, 2010 and, such common shares may not be traded until August 9, 2010. The Corporation has not paid any commissions or finder fees for this transaction.

The fair value of the warrants issued of \$0.16 per warrant was determined using the Black-Scholes option pricing model for warrants assuming a risk-free interest rate of 1.85%, a dividend yield of 0%, an expected volatility of 105.7% and an expected life of the warrants of two years. The resulting fair value of \$87,817 is included in the warrants on issue of units. Costs of issuance were allocated to these warrants in the amount of \$4,631.

Share options

Under the Company's incentive stock option plan (the "Plan"), options to purchase common shares may be granted by the Board of Directors to directors, officers, employees or consultants of the Company, or its subsidiaries. The Company has reserved up to 3,404,571 shares available for the settlement of options. The exercise price per share and the vesting period shall be determined at the time of grant by the Board of Directors. Except for the first grant, which vested when specific performance criteria were met, options granted prior to October 31, 2006 have vested immediately. Options granted subsequent to October 31, 2006 generally vest over a period of three years. The option period for options granted as compensation to

directors, officers, employees or consultants shall be a period of time fixed by the Board of Directors not to exceed five years. The option period for options granted in exchange for services is specified by the Board of Directors at the time of grant and ranged from three to ten years for options granted prior to April 30, 2006. There have not been any options granted in exchange for services after April 30, 2006. If an option has lapsed, the Board of Directors may grant new options covering the shares not purchased. If a participant is dismissed as an officer, employee or consultant by the Company for cause, all unexercised option rights of that participant under the Plan shall terminate immediately upon such dismissal. If a participant ceases to be an officer, employee or consultant of the Company as a result of reasons other than for cause (as set forth in the Plan) such participant shall have the right for a period not exceeding one year from the date of ceasing to be an officer, employee, consultant or director to exercise the option under the Plan with respect to all optioned shares of such participant to the extent they were exercisable on the date of ceasing to be an officer, employee, consultant or director.

5. GOVERNMENT ASSISTANCE

Government of Alberta

On April 12, 2010, the Company was notified that it had been awarded a two year grant through the Alberta Innovates Technology Futures (“Alberta Ingenuity”) program. The grant is designed to fund research and development wages to help bring technical solutions to commercialization. The total grant of \$124,000 has two components. The first is \$110,000 to be paid in 24 monthly instalments and \$14,000 to be paid annually on April 1, 2010 and 2011. The Company recorded \$11,583 in the quarter ended April 30, 2010 as a reduction of research and development expenses and will continue to record the monies when received as a reduction of research and development expenses.

SDTC funding

The Company has entered into a number of funding agreements since 2006 with Canada Foundation for Sustainable Development Technology (“SDTC”) for the purpose of fostering the development and adoption of technologies that contribute to a sustainable development technology infrastructure in Canada by contributing to the rapid development, demonstration and pre-commercialization of technological solutions which address climate change and air quality. For the six months ended April 30, 2010, the Company recorded \$nil as a reduction of research and development costs related to SDTC assistance earned during the year.

As at April 30, 2010, included in accounts receivable are \$102,504 in holdbacks associated with all SDTC contracts signed since 2006. The required documentation for release of the holdbacks has been filed.

AVAC funding

On December 18, 2008, AVAC Ltd. (“AVAC”), through its Capacity Builder program, committed a \$1.3 million contribution to the realSens™ project. As part of the contribution, the Company signed a General Security Agreement with AVAC, giving AVAC first right on all of the Company's assets in the event of default. The funds will be dispersed on a completed milestone basis over the next 12 months. The contribution will be used to support the deployment of the technology into the commercial marketplace.

Synodon Inc.

(a development stage enterprise)

NOTES TO FINANCIAL STATEMENTS

April 30, 2010 and 2009

The funding is milestone based and is received upon successful completion of technical and marketing milestones. The contribution is repayable by way of a royalty based on 1.5% of revenue earned, beginning in October 2009, up to a maximum of two times the contribution.

For the six month period ended April 30, 2010, the Company has received nil under this program and owes \$214 in royalties.

IERD funding

In 2004, the Company qualified for funding under the Industry Energy Research and Development Program ("IERD"). Under this government funding program, IERD advanced to the Company an amount equal to 28% of eligible costs incurred, up to a maximum of \$600,000. The advances were non-interest bearing and only repayable at an amount of 3% of revenue earned in connection with the project. As at October 31, 2009, the project has been completed and all monies owing have been received by the Company, totalling \$600,000. For the six month period ended April 30, 2010, the Company owes \$428 in royalties.

Investment tax credits

The Company claims research and development deductions and the related investment tax credits for income tax purposes based on management's interpretation of the applicable legislation under the Income Tax Act (Canada). These claims are subject to technical and expenditure review by the Canada Revenue Agency.

6. RESEARCH AND DEVELOPMENT

Since inception the Company has incurred \$6,041,769 of research and development expenses in developing its technologies. Research and development costs and reductions due to government assistance in each of the past two years are summarized as follows:
