

# Synodon Announces No Material Change

## For Immediate Release

---

**Edmonton, Alberta – April 16, 2010** - Synodon Inc. ("the Corporation") [TSXV-SYD], announces that the Corporation is not aware of any material undisclosed developments at this time that would cause the recent increase in the Corporation's share trading volume and decrease in share price. As previously disclosed, the Corporation continues discussions with respect to new and ongoing business opportunities and prospective customers, the manufacturing of its second realSens™ instrument (expected to be completed in May 2010) and its research and development activities.

No material changes or events have taken place that have not been previously disclosed.

**Synodon Inc.** ([www.synodon.com](http://www.synodon.com)) is an Edmonton based technology company which has developed and demonstrated an advanced airborne remote gas sensing system called *realSens*™, based on technologies developed under the Canadian Space Program and by Synodon scientists. The company is providing gas emissions monitoring and quantification services to a variety of industries, including hydrocarbon (oil and gas), environmental, agricultural and for a variety of gases including methane, ethane and ammonia. The initial focus is on the hydrocarbon industry and in particular the natural gas pipeline sector.
